

# UniQ: The Educational Hub of the Qubic Ecosystem

**Slogan:** Learn. Analyze. Earn.

## 1. VISION & STRATEGY

UniQ is a "Learn-to-Earn" mobile platform designed to transform passive observers into educated power-users. By gamifying the complex Qubic technology (Oracle, AI, Quorum), we eliminate FUD (Fear, Uncertainty, Doubt) and build a community of **"Strong Hands"**—investors who hold their positions because they truly understand the technology.

## 2. PROGRESSION SYSTEM (GRADES)

The platform is accessible to everyone but rewards merit. Users advance through 5 certification tiers:

- **Novice:** Basic onboarding and simple Qubic discovery.
- **Pathfinder:** Intermediate level. Unlocks ecosystem tracking tools.
- **Expert:** Difficult exams. Grants access to technical market tools.
- **Legend (Elite):** The pinnacle. Maximum rewards and Advanced Macro data.
- **The Burn Mechanism:** While entry-level quiz are free, higher-tier exams are challenging and require UNIQ tokens as a fee. **100% of these fees are Burned (destroyed)**, ensuring token scarcity.

## 3. PREMIUM "ALPHA TOOLS"

Users can burn UNIQ to access professional-grade intelligence tools:

- **Qubic Pulse (AI Sentiment):** Real-time social mood analysis to predict market trends.
- **Whale & Launch Tracker:** Instant alerts on large wallet movements and new project deployments.
- **Safe-Scanner:** Contract auditor to detect scams and protect investments.
- **AI Tutor 24/7:** A personalized assistant trained on Qubic's technical documentation.

## 4. TOKENOMICS (Total Supply: 20,000,000 UNIQ)

- **75% Community & Education:** Distributed via Learn-to-Earn rewards.
- **15% Team & Development:** For long-term innovation and maintenance.
- **10% Future Reserve:** Locked funds for strategic partnerships and expansion.
- **Deflationary Model:** The total supply decreases every time a user pays for an exam, a premium tool, or profile customization (Badges/Frames).

## 5. AFFILIATE & VIRAL GROWTH

UniQ uses a **Mentorship Referral Program:**

- **Shared Success:** Referrers earn a percentage of the UNIQ their friends earn by passing exams.
- **Organic Expansion:** This turns every user into a motivated ambassador, growing the Qubic community without external marketing costs.
